## Two young musicians

Frank and Jimmy are music students. They live in the same house and they are good friends but they like very different kinds of music.

Frank comes from a family of musicians. His father is the conductor of one of England's top youth orchestras and his stepmother gives lessons in classical guitar. Frank is studying classical music. He can play the violin very well and he's also learning the viola. He practises every evening and sometimes he plays for three or four hours.
