## SOLUTIONS OF COMMUNICATIVE 5A

Nota: las respuestas son orientativas, y ¡cuidado con ellas!, puede haber numerosos errores

Which do you prefer? Why?

1.- Swimming in the sea or swimming in a pool?

I prefer swimming in a pool because that is safer than swimming in the sea. Besides, to go for a dip I prefer the sea because you are more in contact with nature than in the pool.

2.- Watching a film in your language or watching a film with subtitles?

I prefer watching a film in my language because I understand it better than watching a film with subtitles.

3.- Communicating by email or communicating by text message?

I prefer communicating by email because I can send messages longer than text message.

4.- Doing English homework or doing housework?

I prefer doing English homework because is more entertaining than doing housework.

5.- Eating in a restaurant or eating at home?

I prefer eating in a restaurant because I don't do the washing-up. Besides, eating at home is cheaper than eating in a restaurant. (Eating at restaurant isn't as cheaper as eating at home).

6.- Going on holiday in your country or going on holiday abroad?

I prefer going on holiday in my country or to France because I don't like travelling many kilometers and I don't like flying.

7.- Going clothes shopping alone or going clothes shopping with another person?

I prefer going clothes shopping alone because is faster than shopping with another person.

8.- Studying during the day or studying at night?

I prefer studying during the day because I be more awake than studying at night.

9.- A holiday with your family or a holiday with friends?

I prefer going a holiday with my friends because is funnier than going a holiday with

my family

10.- Watching a film at the cinema or watching a film at home?

I prefer watching a film at home because you can be more comfortable than at the cinema.

11.- Watching sport or doing sport?

I prefer doing sport because I don't like watching sport. Really, I don't like this one or the other one.

12.- Reading an e-book or reading an ordinary book?

I prefer reading an e-book because is more lightweight than an ordinary book.

13.- Buying things in a shop or buying things online?

I prefer buying things online because is faster than buying things in a shop.

14.- Listening to music with headphones or listening to music without headphones?

I prefer listening to music with headphones because is less annoying for others than listening to music without headphones.
